## Symmetry Medical Billing & Consulting

Symmetry is a medical billing services and consulting company based in Pittsburgh, Pennsylvania. The name "Symmetry" recognizes that the leader of every successful medical practice must divide time equally between providing exceptional patient care and applying strong business acumen. We give you the chance to focus on patient care while we optimize your finances!

## What Makes Our Services Unique

### Proprietary Technology

- We design software with proprietary rules to reduce errors, eliminate manual processes, and identify and correct for changes in payer coding policies and practices.
- Other billing companies spend 80% of their time on data entry, while Symmetry spends 10% on data entry and focuses 90% of its efforts on higher reimbursement rates and compliance.

### Expert Consulting

- We recover large amounts of money for clients by re-evaluating and resubmitting aged A/R.
- We recommend changes in coding practices to maximize reimbursements.
- For many disciplines, we consult on new equipment and therapies.

### National Reach

- Our clients vary in size, experience and medical discipline.
- Our processes are highly automated. We service clients around the corner and across the country!

## Getting Started Is Easy

- We determine your requirements during a 15-minute phone consultation.
- **We'll get you fully implemented within 2 weeks, or we'll provide your first month of service for FREE!**
